

# Computer Decisions 1978 Annual Index of Articles

## Author/interviewee

### A

Anderson, Howard, Superbowl X.25, Jan., p. 56; Electronic messaging can make sense, Sept., p. 34

Axelrod, C. Warren, Scheduling packages for data processing, Oct., p. 53

### B

Barna, Becky, The dp industry: the next five years, Jan., p. 48; The hottest new idea in electronic mail, Feb., p. 34; Federal standards feud reaches fever pitch, Apr., p. 24; Guidance from a guru, June p. 18; More bang for the corporate buck, July, p. 32; a new threat to multinationals, Aug., p. 34; Electronic messaging can make cents, Sept., p. 34; Which datacomm system is the solution? Nov., p. 30; Cleaning up the federal dp mess, Dec., p. 34

Bartram, Peter, Baking in batches better with interactive system, Oct., p. 46

Brill, Alan, A new threat to multinationals, Aug., p. 34

Brill, Kenneth G., Planning for good power protection, May, p. 40

Budzilovich, Peter N., Computerizing a small business? Feb., p. 42

### C

Caswell, Stephen A., Specialized carriers in the balance, Jan., p. 52; Electronic messaging can make cents, Sept., p. 34

Cooke, Ronald R., 1200 baud full-duplex modems cut datacomm costs, Nov., p. 68

Crandall, Steve, Ohio bank cuts monthly phone bills, Sept., p. 54

Cross, Philip C., Appraising dp personnel, June, p. 34

### D

Damiano, Frank, A tax collection system even taxpayers like, Nov., p. 66

Darby, Phil, Network control system pinpoints error, Oct., p. 42

de Cavaignac, Patrick, Wp plus dp spells office of the future, Sept., p. 26

Dixon, Paul, Miscast MIS starring again, June, p. 26

### E

Edelson, Harry, Dear Harry, Jan., p. 64

Engle, William B., Making the most of performance monitors, Nov., p. 50

### F

Feinman, Harvey B., Computers in complex litigation, Apr., p. 46

Flynn, Williams, Computer hits mark at Boston Data Bank, Sept., p. 66

### G

Gebremedhin, Elinor, Mainframes: the change is evolutionary, May, p. 34

Gleiser, Dr. Molly, William S. Burroughs Mar., p. 34

Gravitt, Charles, The truth about investment tax credit, July, p. 44

Grosch, Dr. Herbert R.J., Our freedom is our strength, Jan., p. 58

### H-J

Halbrecht, Herbert, Let Machiavelli guide you to success, Oct., p. 20

Hatfield, Dave, Crt production expedited with impact terminal, Oct., p. 50

Held, Gilbert, Port selectors keep datacomm costs down, Oct., p. 28

Jenkins, Page and Livingston, John, Taxes and your computer, Apr., p. 18

### L

Lazar, Florence, Laboratory system improves traffic, quality control, Dec., p. 54

Lecht, Charles, Guidance from a guru, June, p. 18

Lettieri, Larry, Vendors look at 1978, Jan., p. 44; Plug-compatible mainframes: a looking glass war, Mar., p. 26; Buying software packages, June, p. 52; Network control system pinpoints transmission errors, Oct., p. 42

Lowe, Robert L., MIS among the multinationals, Sept., p. 46

Lubin, Dean, Miscast MIS starring again, June, p. 26

### M

Maass, Richard C., Finding the right job for a minicomputer, Aug., p. 44

Mandell, Mel, Miscast MIS starring again, June, p. 26; Distributed data processing, July, p. 24; Wp plus spells office of future, Sept., p. 26; Spotty satisfaction: results of a survey of mini users, Nov., p. 20

Martin, James W., Distributed data processing, July, p. 24

Mason, Ida W., The creative dp manager, Mar., p. 33

Migliaccio, Guy R., The ins and outs of dp insurance, Feb., p. 26

Muldowney, Bill, Buying plug-compatible tape and disk drives, Mar., p. 40

### O-P-R

Oliver, Paul, Examining programming costs, Apr., p. 50

Paley, Edward, The trouble with static, Aug., p. 53

Patterson, Fred S., "What if? Why not?" A profitable approach to planning ahead, Dec., p. 45

Perry, William E., Who's in charge, you or your computer? Feb., p. 38

Regan, Fannie, Choosing a remote computing service, Apr., p. 39

Rhodabarger, Dale, Let Machiavelli guide you to success, Oct., p. 20

### S-T-W

Shaw, Donald R., Selecting software for the business mini, Oct., p. 58

Snyders, Jan, Expanding horizons for software vendors, Nov., p. 46

Tillinghast, James, Get users involved in DBMS selection, Jan., p. 66

Walters, William J., The care and testing of disk packs, Mar., p. 48

Wiener, Hesh, ICL's American dream, May, p. 54

## Subject

### Applying COM

COM pays double benefits to insurer, June, p. 42

### Applying EDP

A tax collection system even taxpayers like, Frank Damiano, Nov., p. 66

Baking in batches better, Peter Bartram, Oct., p. 46

Batch to interactive in three days, Oct., p. 65

Computer hits the mark at Boston Data Bank, Sept., p. 66

Computerization paces sales growth at supplies maker, Dec., p. 56

Crt production expedited with impact terminal, Oct., p. 50

Dedicated system handles inventory, Oct., p. 62

Design system speeds service, boosts sales, Dec., p. 52

Distributed dp gives realtor competitive edge, May, p. 26

Edp sparks sales growth for builder, July, p. 80

Error reduction was not in the cards, Sept., p. 44

Graphics plot successful course, Nov., p. 42

Laboratory system improves traffic, quality control, Florence Lazar, Dec., p. 54

"More fun" for mini-film processor, Oct., p. 66

Ohio bank cuts phone bills, Sept., p. 54

Shipping system improves efficiency, Oct., p. 64

Smooth DOS to OS move, Nov., p. 64

Unexpected benefits pay for system twice over, May, p. 56

### **Auditing**

Who's in charge, you or your computer? William E. Perry, Feb., p. 38

### **Career development**

Let Machiavelli guide you to success, Dale Rhodabarger, Oct., p. 20

### **Commentary**

Thin ice in 1978, Jan., p. 42

### **Communications**

The hottest new idea in electronic mail, Becky Barna, Feb., p. 34

### **Competitive struggles**

Superbowl X.25, Howard Anderson, Jan., p. 56

### **Computers and the law**

Computers in complex litigation, Harvey B. Feinman, Apr., p. 46

### **Conferences**

NCC 78, May, p. 38

### **Conventions**

Interface '78, Feb., p. 58

### **Data communications**

Network control system pinpoints transmission errors, Larry Lettieri, Oct., p. 42

Port selectors keep datacomm costs down, Gilbert Held, Oct., p. 28

Specialized carriers in the balance, Stephen A. Caswell, Jan., p. 52

1200-baud full-index modems cut datacomm costs, Ronald R. Cooke, Nov., p. 68

Which datacomm system is the solution? Becky Barna, Nov., p. 30

### **Dp strategy**

Cleaning up the federal dp mess, Becky Barna, Dec., p. 34

Distributed data processing, Mel Mandell, July, p. 24

"What if? Why not?" A profitable approach to planning ahead, Fred S. Patterson, Dec., p. 45

### **Environment**

Planning for good power protection, Kenneth G. Brill, May, p. 40

### **Environmental security**

Halon prevents major cpu fires, Aug., p. 56

### **Equipment financing**

Cash or carry? May, p. 18

### **Evaluating software**

Scheduling packages for data processing, C. Warren Axelrod, Oct., p. 53

### **Financial management**

Computer financing: It's a buyer's market, Dec., p. 61

The truth about investment tax credit, July, p. 44

### **Hardware**

Buying plug-compatible tape and disk drives, Bill Muldowney, Mar., p. 40

Computer selection: Avoid these common mistakes, Dec., p. 21

Computer selection: Style dictates the decision, Dec., p. 20

Computerizing a small business? Peter N. Budzilovich, Feb., p. 42

Crt display terminals, Sept., p. 62

Mainframes: the change is evolutionary, Elinor Gebremedhin, May, p. 34

Printers and plotters, Aug., p. 60

### **History**

William S. Burroughs, Dr. Molly Gleiser, Mar., p. 34

### **Information management**

Making the most of performance monitors, William B. Engle, Nov., p. 50

MIS among the multinationals, Robert L. Lowe, Sept., p. 46

Strategic planning of information resources, Aug., p. 22

Wp plus dp spells office of future, Mel Mandell, Sept., p. 26

### **Insurance**

The ins and outs of dp insurance, Guy R. Migliaccio, Feb., p. 26

### **Legislative action**

A new threat to multinationals, Aug. p. 34

### **Mainframes**

Plug-compatible mainframes, Larry Lettieri, Mar., p. 26

### **Management**

Miscast MIS starring again, Mel Mandell, June, p. 26

The creative dp manager, Ida W. Mason, Mar., p. 33

### **Minicomputers**

Spotty satisfaction: results of a survey of mini users, Mel Mandell, Nov., p. 20

### **Money management via dp**

More bang for the corporate buck, July, p. 32

### **Personnel**

Appraising dp personnel, Philip C. Cross, Part 1, June, p. 34; Part 2, July, p. 62

### **Professional issues**

Our freedom is our strength, Dr. Herbert R.J. Grosch, Jan., p. 58

### **Remote computing**

Choosing a remote computing service, Fannie Regan, Apr., p. 39

### **Small systems management**

Selecting software for the business mini, Donald R. Shaw, Oct., p. 58

### **Software**

Buying software packages, Larry Lettieri, June, p. 52

DBMS and data management software, Jan., p. 72

Expanding horizons for software users, Jan Snyders, Nov., p. 46

Get users involved in DBMS selection, James Tillinghast, Jan., p. 66

Software packages, June, p. 56

### **Software management**

Examining programming costs, Paul Oliver, Apr., p. 50

### **Standards**

Federal standard feud reaches fever pitch, Becky Barna, Apr., p. 24

### **Suppliers**

Media vendors, Mar., p. 58

### **Taxes**

Taxes and your computer, Page Jenkins and John Livingston, Apr., p. 18

### **Telecommunications**

ACS: Ma Bell's much-heralded new baby, Nov., p. 34

Electronic messaging can make cents, Becky Barna, Sept., p. 34

### **Terminals**

Terminals distribute dp for mutual fund, July, p. 54

### **The dp environment**

The trouble with static, Edward Paley, Aug., p. 53

### **The future**

Guidance from a guru, Becky Barna, June, p. 18

## The industry

ICL's American dream, Hesh Wiener, May, p. 54

The dp industry: the next five years, Becky Barna, Jan., p. 48

Vendors look at 1978, Larry Lettieri, Jan., p. 44

## Tutorial

The care and testing of disk packs, William J. Walters, Mar., p. 48

## Using minicomputers

Finding the right job for a minicomputer, Richard C. Maass, Aug., p. 44

## Viewpoint

Dear Harry, Harry Edelson, Jan., p. 64

## Title

### A

ACS: Ma Bell's much heralded new baby, Nov., p. 32

A new threat to multinationals, Becky Barna, Aug., p. 34

Appraising dp personnel, Philip C. Cross, Part 1, June, p. 34; Part 2, July, p. 62

A tax collection system even taxpayers like, Frank Damiano, Nov., p. 66

### B

Baking in batches better, Peter Bartram, Oct., p. 46

Batch to interactive in three days, Oct., p. 65

Burroughs, William S., Dr. Molly Gleiser, Mar., p. 34

Buying plug-compatible tape and disk drives, Bill Muldowney, Mar., p. 40

Buying software packages, Larry Lettieri, June, p. 52

### C

Cash or carry? May, p. 18

Choosing a remote computing service, Fannie Regan, Apr., p. 39

Cleaning up the federal dp mess, Becky Barna, Dec., p. 34

COM pays double benefits to insurer, June, p. 42

Computer financing: It's a buyer's market, Dec., p. 61

Computer hits the mark at Boston data bank, Sept., p. 66

Computer selection: Avoid these common mistakes, Dec., p. 21

Computer selection: Style dictates the decision, Dec., p. 20

Computerization paces sales growth at supplies maker, Dec., p. 56

Computerizing a small business? Peter Budzilovich, Feb., p. 42

Computers in complex litigation, Harvey B. Feinman, Apr., p. 46

Crt display terminals, Sept., p. 62

Crt production expedited with impact terminal, Oct., p. 50

### D

DBMS and data management software, Jan., p. 72

Dear Harry, Harry Edelson, Jan., p. 64

Dedicated system handles inventory, Oct., p. 62

Design system speeds service, boosts sales, Dec., p. 52

Distributed data processing, Mel Mandell, July, p. 24

Distributed dp gives realtor competitive edge, May, p. 26

### E

Edp sparks sales growth for builder, July, p. 80

Electronic messaging can make cents, Becky Barna, Sept., p. 34

Error reduction was not in the cards, Sept., p. 44

Examining programming costs, Paul Oliver, Apr., p. 50

Expanding horizons for software vendors, Jan. Snyders, Nov., p. 46

### F-G-H

Federal standards feud reaches fever pitch, Becky Barna, Apr., p. 24

Finding the right job for a minicomputer, Richard C. Maass, Aug., p. 44

Get users involved in DBMS selection, James Tillinghast, Jan., p. 66

Graphics plot successful course, Nov., p. 42

Guidance from a guru, Becky Barna, June, p. 18

Halon prevents major cpu fires, Aug., p. 56

### I-L

ICL's American dream, Hesh Wiener, May, p. 54

Interface '78, Feb., p. 58

Laboratory system improves traffic, quality control, Florence Lazar, Dec., p. 54

Let Machiavelli guide you to success, Dale Rhodabarger, Oct., p. 20

### M-N

Mainframes: the change is evolutionary, Elinor Gebremedhin, May, p. 34

Making the most of performance monitors, William B. Engle, Nov., p. 50

Media vendors, Mar., p. 58

MIS among the multinationals, Robert L. Lowe, Sept., p. 46

Miscast MIS starring again, Mel Mandell, June, p. 26

More bang for the corporate buck, Becky Barna, July, p. 32

"More fun" for mini-film processor, Oct., p. 66

NCC 78, May, p. 38

Network control system pinpoints transmission errors, Larry Lettieri, Oct., p. 42

### O-P

Ohio bank cuts phone bills, Sept., p. 54

Our freedom is our strength, Dr. Herbert R.J. Grosch, Jan., p. 58

Planning for good power protection, Kenneth G. Brill, May, p. 40

Plug-compatible mainframes: a looking glass war, Larry Lettieri, Mar., p. 26

Port selectors keep datacomm costs down, Gilbert Held, Oct., p. 28

Printers and plotters, Aug., p. 60

### S

Scheduling packages for data processing, C. Warren Axelrod, Oct., p. 53

Selecting software for the business mini, Donald R. Shaw, Oct., p. 58

Shipping system improves efficiency, Oct., p. 64

Smooth DOS to OS move, Nov., p. 64

Software packages, June, p. 56

Specialized carriers in the balance, Stephen A. Caswell, Jan., p. 52

Spotty satisfaction: results of a survey of mini users, Mel Mandell, Nov., p. 20

Strategic planning of information resources, Aug., p. 22

Superbowl X.25, Howard Anderson, Jan., p. 56

### T

Taxes and your computer, Page Jenkins & John Livingston, Apr., p. 18

Terminals distribute dp for mutual fund, July, p. 54

The care and testing of disk packs, William J. Walters, Mar., p. 48

The creative dp manager, Ida W. Mason, Mar., p. 33

The dp industry: the next five years, Becky Barna, Jan., p. 48

The hottest new idea in electronic mail, Becky Barna, Feb., p. 34

The ins and outs of dp insurance, Guy R. Migliaccio, Feb., p. 26

The trouble with static, Edward Paley, Aug., p. 53

The truth about investment tax credit, Charles Gravitt, July, p. 44

Thin ice in 1978, Jan., p. 42

1200 baud full-duplex modems cut datacomm costs, Ronald R. Cooke, Nov., p. 68

### U-V-W

Unexpected benefits pay for system twice over, May, p. 56

Vendors look at 1978, Larry Lettieri, Jan., p. 44

"What if? Why not?" A profitable approach to planning ahead, Fred S. Patterson, Dec., p. 45

Which datacomm system is the solution? Becky Barna, Nov., p. 30

Who's in charge, you or your computer? William E. Perry, Feb., p. 38

Wp plus dp spells office of future, Mel Mandell, Sept., p. 26
